Welcome to our
2019
Membership
edition

Membership Applications and Renewals

We really appreciate our Members and so we have decided to retain the existing fee structure for a further 12 months.

If you are considering becoming a member of hvoss, please have a read of our membership [application form](#), as well as the flyer on the [benefits](#) of being a hvoss member.

If you wish to renew your existing membership, please complete the membership [renewal form](#).

Future events

We are keen to share local success stories and welcome speakers from Herefordshire based organisations as well as local branches of national organisations.

Would you like to nominate your organisation to share information on its success in bidding for funding? Do you have an interesting story about the work that you do across the county? Is there an organisation that you would really like to hear from?

Please let us know at members@hvoss.org.uk

DIY OFFER to Community Groups & local organisations

Are you considering a Spring Clean? Could your organisation make use of things like partial tins of paint, offcuts of wood and other diy items?

hvoss has been contacted by a large DIY store that can provide these items to community groups and local organisations.

Please contact Joy Harvey in the first instance on 01432 343932 or joy.harvey@hvoss.org.uk

hvoss consultation

In order for hvoss to understand what service/s are wanted by the Voluntary and Community Sector in Herefordshire, we are undertaking a survey to find out what we do well, what other services you would like from us and what you don't want from us. Your feedback will determine what hvoss services look like in the near future.

In addition to going out to our members, this is being shared with the wider community & voluntary sector, private businesses, public sector and individuals.

Please keep an eye out for this in **May** as your input is vital to what we deliver.
